our motto

Of...For...and By Police Is Our Motto!

Police use our service, recommend our service and stand behind our service. In fact, Police Officers are the Certified Recovery Agents providing **100% of our Protection and Recovery**. Our service is the only one of its kind, having been street tested by police officers. Truth is that no group of professionals has gotten to the root of “The Identity Theft Crisis in America” like Police Officers.

Our services are void of marketing non-sense, and based on a straightforward common sense approach to Identity theft protection and recovery. What’s good enough for Police Officers is now available for all American families to protect their identity, and that of their loved ones. Entrust America believes it is time every family in America is truly protected from this destructive crime with our law enforcement grade services.

values

A portion of every protection membership goes to C.O.P.S. (Concerns of Police Survivors) a not-for-profit organization.

Each year, between 140 and 160 officers are killed in the line of duty and their families and co-workers are left to cope with this tragic loss. [C.O.P.S.](#) provides resources to help them rebuild their shattered lives.

We stand behind law enforcement and law enforcement stands behind Entrust America.
