

Jonny Katz Studio *Natural light portraits. Unique personality traits.*

Does your business portrait capture a unique and interesting aspect of your personality? Does it accurately show what you look like on a great day? Is it an engaging photograph?

Jonny Katz Studio believes in a very natural, candid approach to portraiture. Just as we are not interested in artificial lighting, we have no interest in artificial posing either. We want to capture a spontaneous moment in your life, when there's a real spark in your eyes and a genuine expression on your face. Your greatest asset is your individuality. So all you have to do is show up. We'll take care of the rest.

Jonny Katz Studio is offering REBNY members and their families a 20% discount off our regular rate of \$650. Additional discounts are available for multiple simultaneous bookings.
